Mr. Weisberg - here are two sheets from Joesten - you may be shocked at the duplication, but Miss W-H could not get around to make contacts -with spoken speech restricted- so she mailed samples of the TLs with a list of books, urging xsubs to the news letter and purchase of books . There are a few left - bits suitable for high school students or someone just becoming enlightened.. these will be along in time. and will be the last material Miss W

W has. S he sends a good luck to you in your battlee against the viciousness of the government.
